RE: Completion of Corrective Action at the RV Hopkins Site, Davenport, Iowa

Dear Mr. Harrison:

The U.S. Environmental Protection Agency Region 7 is sending you this letter to inform you that all corrective action has been completed at your property located at 765 Schmidt Road in Davenport, Iowa. This property formerly known as RV Hopkins has had all drummed wastes and waste piles associated with past RV Hopkins' activities removed from the property. In addition, lead-contaminated soil that potentially poses a health risk has been covered with clean soil and an Environmental Covenant has been entered into that restricts future activity at the property that could pose an unacceptable health risk. In totality, these corrective actions facilitate the continued commercial use of your property in a manner that does not pose unacceptable health risks to all involved.

Thank you for your patience and continued cooperation in achieving completion of corrective action at your property. Please call me at (913)-7755 if you have any questions concerning this matter.

Sincerely,

**BRUCE
MORRISON**
